PILL SWALLOWING CUP

Are you having difficulty swallowing medications?
THE SOLUTION IS "Dr. Plus the Medicine Drinking Cup"
In general, 40% of society has difficulty swallowing medicines.
Are you the one of these

- Dr. Plus Medicine Drinking Cup;
  * Environmentally Friendly Recycled Green Product
  * PERFECT for elderly care institutions, hospitals, home use, schools and other medical institutions
- Ideal for children in the transition period from liquid drug form to solid drug form.
- Dr. Plus Pharmaceutical Drinking Cup is a professional patented name right registered health product.
  The tablet is designed to help swallow capsules and other medications.
- Dr. Plus Medicine Drinking Cup provides easy, stress-free and comfortable swallowing of drug vitamins and tablets in solid form such as tablets, capsules.
- Dr. Plus Medicine Drinking Cup is especially designed for children and adults who have difficulty swallowing drugs produced in solid form, such as tablet capsules.
  It is widely used by hospitals, doctors and other consumers.

THE PERFECT SOLUTION FOR TABLETS AND CAPSULES WITH LONG-RELEASE COATING

Tablets with a long release effect Tuesday achieve this thanks to the special coating on them. When the tablet is broken or crushed, these properties disappear, and in a short time they get into the systemic bloodstream and move away from their purpose, even posing a danger.

- Dr. Plus, thanks to the drug drinking cup, such tablets and treatments you can swallow it easily without crushing it without breaking it.

IT IS SUITABLE FOR ALL AGE GROUPS

It has been designed for the use of all adults starting from 4-year-old children. Be a companion for children to drink medicine

WE STAND FOR NATURE

We all live and share this big home space called "Earth". Dr. Plus has join forces to support and preserve those creatures wherever they are, by sponsoring sea turtles saving project and creating awareness among new generation.

Dr. Plus®

ABOUT US

Dr Plus has redefined and offered a new shape for what is a "First Aid Kit". it is more than a kit, it is a lifestyle that can be with us and next to us and part of us.

In 2010, Dr. Plus was born in Izmir, set out with a stylish and sympathetic box of products that may be personally necessary for different activities and areas.

Looking at classical aid kits from an innovative perspective, the brand has managed to improve its export network by sending kits to the Middle East and Europe today, and continues with confident steps.

Dr. Plus has join forces to support and preserve sea turtles wherever they are, by sponsoring sea turtles saving project and creating awareness among new generation.
